Probian's,

I thank all those others who have volunteered for the other necessary positions.

Please pay your annual subs. Promptly, they are now due!

I am saving my voice for my first meeting, which is not that far away, Wednesday 17th April, when I will have a bit to say at the start of my year which I am looking forward to very much.

*Regards and Thanks
President Ken Crouch*

SECRETARIAL SCRIBBLES

A successful AGM in March and thank you to all who attended.

This Probe is late in being distributed due to an overload in the Watt household especially the Mr side of it!

All subs are now due and payable to our membership Officer Bob Santon who will be at the desk at the next meeting. Please keep separate from the meeting fee of \$5. Members are reminded the rates are as follows:

"The subscription payable by individual members shall be \$35 per annum, for combined spouse/partner membership subscriptions shall be \$50 per annum the subscription for the spouse/partner of a life member or non active member shall be half the combined subscription."

If you are unable to attend regularly due to illness/age/disabilities please consider asking for Non Active Membership. You retain non voting membership, still get the Probe and the subs are \$0.00.

Members are reminded that currently a 50% attendance is required to maintain your membership. Last year quite a few failed this benchmark and we do ask you to consider your future with the Club as we really want you to attend the General Monthly Meetings as often as possible!

SICK LIST: Our thoughts and prayers are with those members not enjoying the best of health, and we wish them a speedy recovery.

BIRTHDAYS: Have a great day!

DONATIONS

A driver was stuck in a traffic jam in Canberra on the London Circuit. Nothing was moving.

Suddenly, a man knocks on the window.

The driver rolls down the window and asks, "What's going on?"

"Terrorists have kidnapped all of our MP's during a sitting of parliament, and they're asking for a \$100 million ransom. Otherwise, they are going to douse them all in petrol and set them on fire. We are going from car to car collecting donations."

"How much is everyone giving, on average?" the driver asks.

The man replies, "Roughly five litres."

A motor mechanic was removing the cylinder head from the engine of a BMW M3 when he noticed a well-known cardiologist standing in the service area.

The cardiologist was waiting for the manager to come and take a look at his car when the mechanic shouted across the garage, "Hey Doc, want to take a look at this?" A bit surprised, the cardiologist walked over to where the mechanic was working.

The mechanic straightened up, wiped his hands on a rag and asked, "Doc, look at this engine. I opened its heart, took out the valves, repaired or replaced anything damaged, and then put everything back in and when I finished it worked just like new. So how is it that I make \$24,000 a year and you make \$1.7M when you and I are doing basically the same work?"

The cardiologist paused, leaned over, and then whispered to the mechanic.....

"Try doing it with the engine running"
