PRESIDENT'S PIECE

It was with sadness I report that we have lost a long standing member Ian Nixon. Our condolences to his family. On a lighter note, we have gained a valued new member, Jean Andrews, who was inducted at our last meeting and I give her a very warm welcome to our Club. Our thanks to Tom and Libby Luke for their very interesting talk on the Cornish in Bendigo. Bob Santon, one of our newest members has organised the walkers at Rotary Park, Kangaroo Flat – this is a pleasant walk on a good track and the coffee is excellent! All welcome. Bob has also taken on the roll of Bowls Group Organiser and no doubt we will hear more from him in the near future. Many thanks Bob (and wife Denise) for your very valued input to the Club. Bev and I attended the President's Changeover dinner of the Rotary Club of South Bendigo and had a very enjoyable evening. This Rotary Club is one of FIVE who were instrumental in starting our Club way back in 1985. Mike Watt has the Garden Group started – more details elsewhere in this Probe and of course our newest Group the LOO GROUP (Ladies Only Outings) organized by Jean Goodrich, again more details in this Probe. Overall the Club is "Fair Humming !!"

*Regards and Thanks
President Noel Bruhn*

SECRETARIAL SCRIBBLES

On a personal note my referral to the Alfred Hospital for assessment for surgery was not fruitful as I can not have any surgery because of my pulmonary hypertension (enlarged heart on right side). This also rules out drugs that can help normal hypertension (left side of heart). There was a positive outcome however in that the consultant said that with my new oxygen levels and new concentrator coupled with exercise both at home and at Pulmonary Rehab he envisaged a continued improvement in my quality of life and thus longevity....so you don't need to worry about volunteering for Secretary or Probe or Computer Support etc. ☺ Thanks to all for their messages of support!

The Membership Booklets need a few amendments:

Please remove: Ian Nixon (Deceased) Please add email address to Norm DACK ; dacknrandg@bigpond.com

Please ADD NEW MEMBERS: (You can cut out and glue in at the back of the booklet ☺)

An Ode to the English Plural

We'll begin with a box, and the plural is boxes,
But the plural of ox becomes oxen, not oxes.
One fowl is a goose, but two are called geese,
Yet the plural of moose should never be meese.
You may find a lone mouse or a nest full of mice,
Yet the plural of house is houses, not hice.

If the plural of man is always called men,
Why shouldn't the plural of pan be called pen?
If I speak of my foot and show you my feet,
And I give you a boot, would a pair be called beet?
If one is a tooth and a whole set are teeth,
Why shouldn't the plural of booth be called beeth?

Then one may be that, and there would be those,
Yet hat in the plural would never be hose,
And the plural of cat is cats, not cose.
We speak of a brother and also of brethren,
But though we say mother, we never say methren.
Then the masculine pronouns are he, his and him,
But imagine the feminine: she, shis and shim!
Let's face it - English is a crazy language.
There is no egg in eggplant nor ham in hamburger;
neither apple nor pine in pineapple. English muffins
weren't invented in England.
We take English for granted, but if we explore its
paradoxes,
we find that quicksand can work slowly, boxing rings are
square,

and a guinea pig is neither from Guinea nor is it a pig.
And why is it that writers write, but fingers don't fing,
grocers don't groce and hammers don't ham?
Doesn't it seem crazy that you can make amends but not
one amend?
If you have a bunch of odds and ends and get rid of all
but one of them, what do you call it?

If teachers taught, why didn't preachers praught?
If a vegetarian eats vegetables, what does a humanitarian
eat?
Sometimes I think all the folks who grew up speaking
English
should be committed to an asylum for the verbally
insane.

In what other language do people recite at a play and
play at a recital?
We ship by truck but send cargo by ship...
We have noses that run and feet that smell.
We park in a driveway and drive in a parkway.
And how can a slim chance and a fat chance be the
same,
while a wise man and a wise guy are opposites?

You have to marvel at the unique lunacy of a language
in which your house can burn up as it burns down,
in which you fill in a form by filling it out, and
in which an alarm goes off by going on.
And in closing, if Father is Pop, how come Mother's not
Mop?

Probe Editor: Rob and Cynthia expressed concern that some members might object to their writings being included in the PROBE. I was given licence to use my discretion and I have exercised that as not a single complaint has been received in fact the exact opposite as the writings are truly enjoyable and the photographs superb!! Enjoy the rest of your journey R and C !! ☺

Hi Family & Friends, (both of you)

Again thanks for phone calls and emails. They are very much appreciated. Send another email or you may find us darkening your doorstep. The Cape York trip although a good experience, would have been better by far had we used our own vehicle, because the driver knows the consequences of failing to stop when Cynthia sees a photo opportunity. Five passengers joined the bus contingent after a boat trip from Cairns. With the balance we flew from Cairns making a total of fourteen passengers (all non smokers) with twenty four seats to spread out on. Our driver had the luxury of an \$11,000 truckie seat while we felt at times there was very little between the 4wd bus chassis and ours. Apart from the fact that our windows never opened and the door seldom did, we managed to enjoy a trouble free experience with a driver who had an incredible memory for both the early history of the region and the natural history.

For seven years our driver Steve was a trapeze artist with Circus Orlay. Then he survived but paid a high price for missing the net. Off season he captures and relocates troublesome crocs and snakes. Even so we were some what relieved one day when he failed to locate a Coastal Tiapan that took to long grass after striking at our moving bus. At the end of the trip we were given the usual Cape York Certificate quote "In recognition of your spirit of adventure, unfailing good humour and bravery in enduring the bone jarring track from Cairns with five million corrugations, pot holes, washouts, bull dust traps and sand bogs and in spite of crocodiles, mozzies, sand flies, green ants, snakes, wasps, blow flies and wild pigs, actually reached the most northern tip of mainland Australia". They overlooked including the couldn't care less barra fishermen doing the Cape in a weekend.

The main drag to the Cape is now a well constructed clay road suitable for 2wd vehicles, with long dust clouds from the sheer volume of traffic, the main worry. At the Top, Palm Cockatoos arrived late in the evening to feed on Beach Apricots. Conditions for images were difficult but we tried. Four of the six nights we had the luxury of en suites and palm shaded swimming pools. The other two nights we used shower - toilet units, station homesteads had trucked in and installed above wet season flood levels. OK for triathlon athletes, but demanding for grey nomads especially during the wee dark hours. Without a doubt, the most memorable aspect of the trip for us was meeting a wonderful person who amongst many achievements had climbed to a great height on the corporate ladder. A joy to be with. We are very pleased we spent time gaining images in Lakefield NP from our own vehicle prior to the bus trip. We felt that area offered the best scenery for the trip. The Bloomfield section between Cooktown and Cape Tribulation was a good experience, but very rough and narrow and offering few places to park along the way.

We are presently north of Cairns for a few days at Ellis Beach giving bones and muscles a chance to reinstate themselves to where they are meant to be. With all day shade and a view through a line of beach front coconut palms to Double Island about 1.5 km away, life is good here. If we can cope with the sand flies we will probably spend a few days at Cape Tribulation and there decide our next direction. We are well and glad to be and trust you are the same. From Rob & Cynthia.
